# YESENIA BARAJAS
## Frontend Developer

yesenia.n.barajas@gmail.com  |  (559) 772-9370  |  [LinkedIn](#)  |  [My Website](#)

## Professional Summary

I have 3 years of experience working as an ad hoc frontend developer for several documentation websites. In addition, I have 10 years of experience writing developer documentation. I primarily code in HTML, CSS, and JavaScript, and I'm learning React.

## Recent Frontend Development Achievements

- **Docs Library Redesign** (2021) - Designed, coded, and launched the UI redesign for a multi-product documentation website using Scrum-based approach.
- **Header Hierarchy Project** (2021) - Researched and implemented a new header style for a documentation website to ensure end users could identify section hierarchies easily.
- **Note Format Project** (2021) - Updated the note style for a documentation website to align with current trends.
- **Prototype for delivering docs via dashboard** (2020) - Created a high-fidelity prototype for a new documentation delivery mechanism by integrating an API-based CMS into a dashboard powered by React.

## Technical Skills

**Languages:** Fluent in CSS, HTML, JavaScript, Markdown, and YAML
**Frameworks:** Learning React and familiar with Bootstrap
**Misc:** web-based API Integration, Postman, Contentful, MadCap Flare

## Work History

### Senior Technical Writer / Ad Hoc Frontend Developer
*Shape Security | Jun 2020 - Present | Santa Clara, CA + Remote*

- As the lead UI developer on the documentation team, I'm responsible for the design, development, and launch of UI updates to the documentation website using CSS, HTML, and JavaScript.

### Senior Technical Writer
*Netflix | Mar 2019 - Jan 2020 | Los Gatos, CA*

- As the primary technical writer for a payments engineering team, I led a group of tools engineers and designers to create and launch a new developer documentation website. I coordinated the migration of content, approved design choices, conducted user testing, and ultimately integrated highly technical components built by tools engineers.

### Senior Technical Writer / Ad Hoc Frontend Developer
*WePay | Mar 2017 - Mar 2019 | Redwood City, CA*

- I managed and updated the WePay documentation website using CSS, HTML, Markdown, JavaScript, and YAML.

**Technical Writer (Contract)**

*Wells Fargo | Dec 2016 - Mar 2017 | San Francisco, CA*
- API documentation writer for various digital payments products.

**Technical Writer**

*SOASTA | Jun 2015 - Nov 2016 | Mountain View, CA*
- Product documentation writer for cloud-based products.

**Technical Writer**

*iPass | Jun 2013 - May 2015 | Redwood City, CA*
- Technical and UI/UX writer for an internet aggregation application.

**Technical Writer (Contract)**

*Fujitsu | Nov 2012 to May 2013 | Sunnyvale, CA*
- Technical writer for an IT department.

**Communications Assistant**

*Cal Aggie Alumni Association | Aug 2011 - Jun 2012 | Davis, CA*
- Business writer for the executive department.
